Features

- 24-hp diesel engine has more power than any other tractor in its class.
- Both mid- and rear-PTOs are standard, so you can work with multiple implements like loaders, mower decks and tillers.
- Twin Touch™ pedals make it easy to switch from forward to reverse, and let you rest your heel on the platform the whole time you drive.
- Available 200CX loader can attach and detach in under 3 minutes—with no tools, and the loader joystick controls are positioned close at hand and clear of your knee.
- Unique dial height of cut adjustment allows you to precisely select mower cut height, right from the seat.
- Comforts include a multi-adjustable seat, colour-coded controls and 63 millimetre (2.5-inch) thick rubber engine isolators that tone down engine noise and vibration.
