**Under the Economic Stimulus Act
of 2008, you can expense the
first \$250,000 of capital investment
and take a 50% “bonus” first-year
depreciation on commercial equipment*!**

So stop by [Variable Dealer Name]. Check out our
full line of equipment. You'll be amazed when you size
up how much this new tax law can benefit you.

*Just don't wait until next year – this benefit applies
only to commercial equipment purchased in 2008.*

*John Deere strongly recommends you consult with your tax advisor to see how this tax saving opportunity applies in your situation. Deduction only applies to customers who acquire no more than \$800,000 of equipment during the year.
