Grand Cypress East's Fifth Hole Named Most Beautifully Brutal

JOHNSTON, Iowa – November 25, 2008 – The 153-yard, par 3, fifth hole at The Grand Cypress East Course, Orlando, Fla., has been selected as a winner of the John Deere Credit search for the 18 Most Beautifully Brutal Golf Holes™ in North America.

The Grand Cypress hole was chosen from entries throughout the U.S. and Canada (excluding Quebec) by a panel of judges that includes Jeff Babineau, editor of *Golfweek*; Pat Roberts, publisher of *Golfdom*; Joe Passov, architecture editor for *Golf* magazine; and Gary Van Sickle, golf editor for *Sports Illustrated*. The judges rated each entry on the basis of the hole's beauty as well as its difficulty.

The short hole features an island green that slopes from back to front and from left to right that is guarded by two penalizing bunkers and a swirling wind that comes off the water. A safe play to the middle of the green leaves a tricky putt.

"It's always a challenge whether you are a 1 handicap or a 20," says Roberts.

"The fifth hole at the Grand Cypress East Course offers an outstanding example of how dedicated course owners, builders, architects and superintendents create and maintain holes that golfers talk about the entire year," says Steve Knutson, Director of golf leasing for John Deere Credit.

"John Deere Credit is proud to recognize these efforts and to provide golf courses throughout North America with equipment and lease products that help them keep courses beautiful and brutal," Knutson adds.

ShowTurf of South Florida, with locations in Punta Gorda and Boynton Beach, Coastal Equipment Systems, Jacksonville, and Beard Equipment Company with locations in Pensacola, Fla., and Mobile, Ala., are the John Deere Golf equipment distributors that serve the needs of beautifully brutal golf courses in Florida.
