

Farm Rescue[®]

DONATION IMPACT STATS

- A **\$50 donation** to Farm Rescue provides 2 days-worth of meals to a volunteer.
 - During those two days, our assistance crew can harvest around 600 acres of wheat for a farmer in crisis.
 - With an average yield of 50 bushels per acre, that equates to 2.7 million loaves of whole-wheat bread.
- A **\$150 donation** to Farm Rescue provides 2 nights of lodging for a volunteer.
 - During that time span, our assistance crew can harvest around 300 acres of corn for a farmer in crisis.
 - With an average yield of 180 bushels per acre, that equates to 151,000 gallons of ethanol.
- A **\$25 donation** to Farm Rescue provides 1 day of meals to a volunteer.
 - During that day, our assistance crew can plant roughly 500 acres of soybeans for a farmer in crisis.
 - Those 500 acres of soybeans can produce:
 - Nearly 29 thousand gallons of biodiesel fuel
 - 1.25 million gallons of soymilk
 - 41 million crayons
- A **\$100 donation** to Farm Rescue provides the following safety equipment to our volunteers for use during our assistance operations:
 - 90 – N95 safety masks
 - 4 gallons of hand sanitizer
 - 1,500 disinfectant wipes
