DIESEL PARTICULATE FILTER (DPF)
DZ100484
Replace within 250 hours after warning light indicators are alerted on display.

February 2019. Subject to change without notice.

CAPACITIES (Approximate):

**Fuel Tank:**
R4044 ......................................................................... 586 L (155 gal)

**Diesel Exhaust Fluid (DEF) Tank:**
John Deere™ Diesel Exhaust Fluid
............................................................................... 29.5 L (7.8 gal)

**Cooling System with Heater:**
Cool-Gard™ II
................................................................................... 38 L (10 gal)

**Crankcase including Filter:**
Plus-50™ II
R4044 ......................................................................... 31 L (8.2 gal)

**Hydraulic Reservoir:**
Torq-Gard Supreme™
............................................................................ 95.6 L (25.3 gal)

**Hydraulic System:**
Torq-Gard Supreme™
................................................................................. 208 L (55 gal)

**Planetary Hubs (Each):**
John Deere GL-5 80W-140 Synthetic Gear Lube
R4044 ............................................................................. 1.5 L (0.4 gal)
