CommandARM™ bracket

This bracket for Final Tier 4 (FT4) Tractors offers a convenient way to mount a cell phone or tablet to the CommandARM™ for easy use. It is not compatible with joystick-equipped tractors.

Part number:
BRE10147

Cab accessory mounting brackets

The accessories bracket is available for mounting monitors, phones, radios and other accessories in one convenient location. The bracket connects in the existing holes inside the cab.

Part number and application:

RE317435: 7R, 8R, 8RT, 9R and 9RT Series Wheel, Track and Scraper Tractors

Accessory mounting bracket and tray kits

A low-cost solution for all of your cab-mounting needs, this bracket will help optimize and organize your space.

The tray kit can be used with any John Deere mounting brackets to provide additional storage space (fits 8000-8030 Series).

Part numbers and descriptions:

BRE10141: Accessory Mounting Bracket

Kit – Long Bar

BRE10142: Accessory Mounting Bracket Tray

Accessory mounting bracket with tablet mount kit and cell phone mount kit

Add More access to your smart phone or 10" tablet device with this easy-mounting kit and still maintain your sightlines.

Part numbers and descriptions:

RE343680: Accessory Mounting Bracket

BRE10015: Cell Phone

BRE10255: Tablet Mount

GreenStar™ display bracket

Securely mount your GreenStar™ display to the cab corner post with this durable bracket.

Part number and application:
PF90385: 7-9 Family Tractors

Multi-power outlet strips

Operate up to six 12-volt accessories simultaneously! Electrical outlets give either “always on” or “ignition-key” controlled power to your crucial accessories. Up to 30 amps of total output.

Part number:
RE68495

RAM® self-leveling drink-cup holder

Keep your favorite drink within reach and prevent spilling. Easily installed, this attachment will hold in even the roughest terrain.

Part number:
BRE10152

Command View™ III cab refrigerator

The optional refrigerator (available for standard or premium cab models) offers improved operator comfort and accommodation. Located to the left of the operator’s seat, the key-activated Command View™ III provides ample cooling capacity (6.4 cu L) to keep food and beverages fresh.

Part number and application:
RE341704: 7R, 8R, 9R and 9RT Tractors

12V refrigerator/warmer

Get the best of both worlds with our 7.1-liter refrigerator/warmer. With space for nine 12-oz. cans, you have plenty of room to chill beverages or warm up lunch.

Part number:
SWREF12V

Add more CONVENIENCE

Heated leather seat cushion

Add More comfort with an extra-thick seat cushion and backrest that will help reduce operator fatigue, even on long workdays. A heater element in both the cushion and backrest keeps you warm on cold days.

Part number:
AL174350

Instructional seat

Retractable seat belt bolts securely to the cab. Seat features rear netting for additional cab storage.

Available for most models. See us for details.

Seat covers

Add a fresh look and feel to your cab with a new 100% polyester seat cover. Featuring a John Deere logo on the backrest, the machine-washable seat cover includes a 10-year warranty.*

Part numbers and descriptions:

MCJHD5073: Fabric seat cover

MCJHD5073CH: Fabric seat cover (with heating panels)
7R, 8R, 8RT, 9R and 9RT Tractors

*See the LIMITED WARRANTY FOR NEW JOHN DEERE PARTS for details.

Convenience step

This step makes it easier than ever to access and clean front cab windows and Starfire™ receivers.

Part number:
RE284180

PERFORMANCE VERSATILITY MUSCLE

Electrically adjustable mirrors

Get enhanced rear visibility when backing up trailers and implements. Controls mounted in the front roof header provide easy adjustment.

Part numbers, descriptions and applications:

BRE10041: External mirrors, telescoping, heated, electrically adjustable right hand and left hand (7R Series Tractors)

RE323407: Kit for converting exterior mirrors from dual manual adjustment to dual electric adjustment (2011 and later 8R Series Wheel and 7R Series Tractors)

RE293499: Kit for converting heads on electric adjustment mirrors to telescoping and heated (8R Series Wheel and 7R Series Tractors)

Manual telescopic mirrors

Our telescopic rearview mirrors provide operators with a wide rear view of the field or road, which is especially helpful when towing wagons or large implements.

Part numbers and applications:

RE323405: Model year 2011 and later 7R Series Wheel and 8R Series Tractors

RE276350: 7030 Series and 8030 Series Wheel Tractors

Add More convenience and flexibility with John Deere Financial

Getting the attachments you need has never been easier when you use your multi-use account from John Deere. Available through any participating John Deere dealer, your multi-use account gives you the power to purchase attachments, parts and other products. With flexible payment options, including buy now, pay later programs* and online account access, your multi-use account is the best choice to add more flexibility and convenience to get the attachments you need.

Apply online at JohnDeereFinancial.com/apply. In Canada, see your dealer or visit JohnDeereFinancial.ca/Advantage.

*Financing on approved John Deere Financial credit only. See your multi-use account merchant for complete details. John Deere Financial multi-use account is a service of John Deere Financial, f.s.b.

VERSATILITY

Utility box

Keep essential items within reach with a John Deere utility box and avoid taking up valuable cab space. This front weight-mount kit bolts on in minutes without compromising headlight visibility or tractor functions.

Part numbers and descriptions:
BRE10151: Front-mount utility box (requires BRE10153)
BRE10153: Utility box bracket kit

Wheel weight

Lower your tractor's center of gravity and get better traction with wheel weights to achieve maximum productivity and performance.

Part numbers and descriptions:
R167153: Starter wheel weights
R207782: 450 lb. wheel weights (requires R167153)

Front weight

Add More stability with a front weight. Correct ballast helps you get the most efficient use of power and ensures that your tractor stays properly balanced when using heavy implements.

Part number:
R127764

Parts OnSite™ program

More than a parts cabinet, John Deere's Parts OnSite program is your total parts solution. Work with your dealer to stock just the right parts for your operation — on your premises. That means more uptime and productivity and no more waiting in line. Optional storage cabinet also available.

Part numbers and descriptions:
PMBAR467224: Large Parts OnSite Cabinet
PMBAR WM: 36" Wall Cabinet

Power beyond coupler kit

This kit offers continuous hydraulic flow for implements that already have a flow control device.

Available for most models. See us for details.

Voyager camera

Get a whole new view and better visibility when operating large machinery. Most tractors come equipped with built-in video capability.

Part numbers, descriptions and applications:

SWVCCS150B: R Series Tractors

SWTY26834: Adaptor harness

SWTY26845: Adaptor harness IVS 2630 monitor

See us for details.

Quick hitch

Add More convenience to connecting implements with a quick-coupler. Heat-treated to prevent cracking and breaking, quick hitches keep your implements locked in place in the toughest conditions.

Part numbers, descriptions and applications:

RE270270: Category 4N/3 Quick-Coupler

Note: Compatible with 9120-9420 and 9320T-9420T Wheel and Track Tractors; 9230-9430 and 9430T Wheel and Track Tractors. Compatible with 9370R – 9470R and 9470RT Tractors; and 9RX Tractors.

RE270268: Category 4/4N Quick Coupler Kit

Note: Compatible with 9320-9620 and 9320T-9620T Wheel and Track Tractors; 9330-9630 and 9430T-9630T Wheel and Track Tractors. Compatible with 9R, 9RT and 9RX Tractors.

AR216079: Rear Hitch Quick-Coupler (Convertible Category 4N/3) - fits 8030, 8R and 8RT Tractors

RE180668: Rear Hitch Quick-Coupler Kit (Convertible Category 3/3N)

Note: Requires RE34846 bumper blocks. Compatible with 7000-7030 Series, 8000-8030 Series, 8R and 8RT Series Tractors.

9RX mud scrapers and debris shields

The 9RX Series undercarriage includes mud scrapers on the exterior of the drive sprocket as standard equipment. Two optional self-cleaning kits are also available: 1) inner drive-sprocket mud scraper 2) idler debris shield. Both kits are designed to significantly reduce mud, sand and rocks (along with potential buildup in the track assembly) and to extend track belt life by discarding debris directly to the ground rather than on the track surface.

Part numbers and descriptions:

BRE10295: Inner drive sprocket mud scrapers

BRE10249: Idler debris shield kit
