

JOHN DEERE PROTECT™

PROTECT YOUR PERFORMANCE. PROTECT YOUR TIME. PROTECT YOUR COST.

X and S Series Combines

JOHN DEERE

Buyers of **new John Deere combines** can now **lock in annual maintenance costs¹** and be in a better position to **prevent downtime** during harvest. It's all possible with John Deere Protect™. Available to customers who purchase a new X or S Series combine, John Deere Protect offers two plans that are designed to **improve performance and efficiency** and **reduce costs**.

You can buy either the John Deere Protect **Maintenance Plan** or the **Maintenance Plus Wear Plan** (when purchased in conjunction with a PowerGard™ Limited or Comprehensive Protection Plan²). Both John Deere Protect plans are designed to help you maintain original performance and uptime of your new John Deere combine for the first 36 months or 1,000/1,250 engine hours (**with no deductible³ and no additional charges**).

MAINTENANCE

John Deere Protect Maintenance Plan⁴ includes:

- 3 Annual Expert Inspections
- 3 Scheduled Maintenance Events

Minimum PowerGard Limited coverage of 36 months or 1,000/1,250 hours must be purchased to match the John Deere Protect plan desired. Longer PowerGard plans can be purchased if desired.

MAINTENANCE PLUS WEAR

John Deere Protect Maintenance Plus Wear Plan⁴ includes:

- 3 Annual Expert Inspections
- 3 Scheduled Maintenance Events
- 24-Hour Uptime Assurance
- Wear Parts Replacement Coverage

Minimum PowerGard Comprehensive coverage of 36 months or 1,000/1,250 hours must be purchased to match the John Deere Protect plan desired. Longer PowerGard plans can be purchased if desired.

¹Excludes diesel fuel and diesel exhaust fluid.

²PowerGard Comprehensive Protection Plan with a minimum term of 36 months/1,000 or 1,250 hours must be purchased separately to be eligible for John Deere Protect extended service plans. Additional details are included in the selling descriptions of each included plan.

³PowerGard deductible applies to any failures under PowerGard coverage.

⁴For complete plan details, contact a participating dealer near you.

JOHN DEERE PROTECT™

PROTECT YOUR PERFORMANCE. PROTECT YOUR TIME. PROTECT YOUR COST.

X and S Series Combines

JOHN DEERE

So what's included with each component of the John Deere Protect plans? Read on to learn how this valuable coverage helps you heighten combine performance and productivity while keeping operating expenses in check.

Expert Inspections

The John Deere Protect Maintenance and Maintenance Plus Wear Plans include three end-of-season expert inspections to help make sure your combine is ready to run for next harvest. The 250-plus point inspection ensures that all critical areas of the combine are evaluated by an expert technician from your local dealer and identifies potential problems to avoid expensive, unplanned downtime. Coverage term is 36 months/1,000 or 1,250 engine hours.

Maintenance Events

The John Deere Protect Maintenance and Maintenance Plus Wear Plans include three end-of-season preventive maintenance events to ensure your machine is properly maintained for the upcoming harvest. Local dealer expert technicians perform all maintenance and utilize Genuine John Deere parts and fluids. See chart for maintenance schedule details. In-season maintenance is not covered. Coverage term is 36 months/1,000 or 1,250 engine hours.

24-Hour Uptime Assurance⁵

John Deere Protect Uptime Assurance enables you to keep harvesting if your combine is sidelined and cannot be repaired within 24 hours. Subject to machine availability, a rental machine will be provided while yours is being repaired. To qualify, every expert inspection and maintenance event (and all of the suggested adjustments and repairs) must be completed by your local John Deere dealer. Coverage term is 36 months/1,000 or 1,250 engine hours.

Wear Parts Replacement Coverage⁵

John Deere Protect wear parts replacement coverage helps you control your cost of operation by covering the cost of routine adjustments and replacements of wear parts that are not covered by the factory warranty or PowerGard Protection Plan. Based on the results of Expert Inspections, your local dealer technician will adjust and/or replace wear parts that are not expected to last through your next harvest season at no additional charge. Coverage term is 36 months/1,000 or 1,250 engine hours.

To learn more about the benefits of John Deere Protect, contact a participating John Deere Dealer.

⁵Applies to Maintenance Plus Wear Plan only.
