

StellarSupport™ Update

Redesigned JohnDeere.com Site Launch

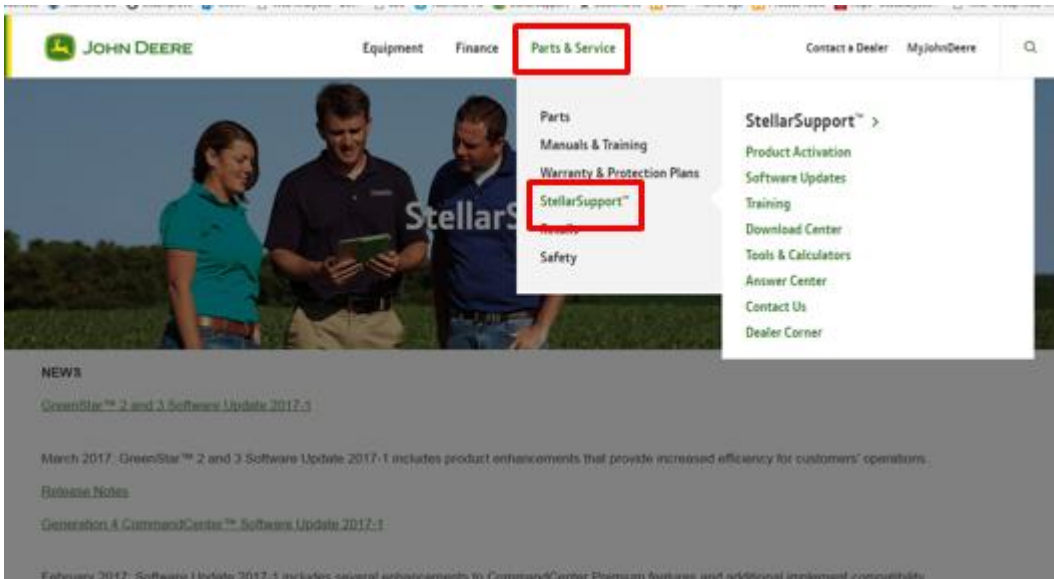

The redesigned JohnDeere.com site is scheduled to launch in Canada on June 26 and the United States on June 27. All existing URLs will change since this is a completely new website. The new site is built on a responsive platform, which means that users will enjoy an optimized experience regardless of whether they access the site by desktop computer, tablet or smart phone.

Major changes for StellarSupport:

1. The new StellarSupport site can be found on JohnDeere.com | Parts and Service | StellarSupport™ | task will be in the sub “fly-out” menu OR a user can still type in Stellarsupport.com or Stellarsupport.deere.com and the user will be redirected to the global StellarSupport landing page.
2. Left navigation has been removed and replaced with all top level navigation.
3. Global landing page will remain unchanged (www.Stellarsupport.com)
4. Document center will remain unchanged at this time
